SUBJECT INDEX

Air pollution

Mortality, Air Pollution, and Energy Production: Uncertainty and Causality, Paolo Ricci, EY Dec. 90 p148-162.

Ash disposal systems

Economic Feasibility of Drying Municipal Solid-Waste Combustion Residue, Mark Blaisdell, Daesoo Lee and Brian Baetz, EY Aug. 90 p87-97.

Site Design for Resource Recovery Facilities, Jayant Vir, Manu Patel and Bruno Cividini, EY Dec. 88 p93-98.

Ashes

Economic Feasibility of Drying Municipal Solid-Waste Combustion Residue, Mark Blaisdell, Daesoo Lee and Brian Baetz, EY Aug. 90 p87-97.

Brines

Economic Analysis of Oil and Gas Brine Regulations, James S. Heslin and Benjamin F. Hobbs, EY Apr. 90 p51-70.

Burning

Site Design for Resource Recovery Facilities, Jayant Vir, Manu Patel and Bruno Cividini, EY Dec. 88 p93-98.

Cancer

Assessing Cancer Risks: From Statistical to Biological Models, Louis Anthony Cox, Jr., EY Dec. 90 p189-210.

Cancer Models for B[*a*]P, Benzene, Benzidine, and Chromium, Troyce D. Jones and Phillip J. Walsh, EY Dec. 90 p211-230.

Carcinogens

Assessing Cancer Risks: From Statistical to Biological Models, Louis Anthony Cox, Jr., EY Dec. 90 p189-210.

Case reports

Economic Analysis of Energy Projects With Uncertainty, Judson Woods and John S. Gulliver, EY Apr. 90 p1-16.

Public Participation in Energy Facility Siting I: Case Study Results, E. Earl Whitlatch, John A. Aldrich and Martin N. Cristo, EY Aug. 90 p98-110.

Chemicals

Assessing Cancer Risks: From Statistical to Biological Models, Louis Anthony Cox, Jr., EY Dec. 90 p189-210.

Cancer Models for B[*a*]P, Benzene, Benzidine, and Chromium, Troyce D. Jones and Phillip J. Walsh, EY Dec. 90 p211-230.

Climatic changes

Risk Transition and Global Warming, Kirk R. Smith, EY Dec. 90 p178-188.

Coal fired powerplants

Public Participation in Energy Facility Siting II: Future Directions, E. Earl Whitlatch, EY Aug. 90 p111-122.

Public Participation in Energy Facility Siting I: Case Study Results, E. Earl Whitlatch, John A. Aldrich and Martin N. Cristo, EY Aug. 90 p98-110.

Confidence intervals

Economic Analysis of Energy Projects With Uncertainty, Judson Woods and John S. Gulliver, EY Apr. 90 p1-16.

Developing countries

Risk Transition and Global Warming, Kirk R. Smith, EY Dec. 90 p178-188.

Earthfill

Properties and Use of Fly Ashes for Embankments, Joseph P. Martin, Robert A. Collins, John S. Browning and Francis J. Biehl, EY Aug. 90 p71-86.

Economic analysis

Economic Analysis of Energy Projects With Uncertainty, Judson Woods and John S. Gulliver, EY Apr. 90 p1-16.

Economic Analysis of Oil and Gas Brine Regulations, James S. Heslin and Benjamin F. Hobbs, EY Apr. 90 p51-70.

Economic Feasibility of Drying Municipal Solid-Waste Combustion Residue, Mark Blaisdell, Daesoo Lee and Brian Baetz, EY Aug. 90 p87-97.

Economic Value of Municipal Solid Waste, Edwin A. Korzun, EY Apr. 90 p39-50.

Economic development

Risk Transition and Global Warming, Kirk R. Smith, EY Dec. 90 p178-188.

Electric power plants

Historical Trends in Energy Risk Comparisons, Chris Whipple, EY Dec. 90 p163-177.

Mortality, Air Pollution, and Energy Production: Uncertainty and Causality, Paolo Ricci, EY Dec. 90 p148-162.

Electric power transmission

Health-Risk Assessment in Production of Electricity, Louis A. Cox, Jr. and Paolo F. Ricci, EY Dec. 90 p130-147.

Electrical equipment

Historical Trends in Energy Risk Comparisons, Chris Whipple, EY Dec. 90 p163-177.

Embankments

Properties and Use of Fly Ashes for Embankments, Joseph P. Martin, Robert A. Collins, John S. Browning and Francis J. Biehl, EY Aug. 90 p71-86.

Energy

Economic Analysis of Oil and Gas Brine Regulations, James S. Heslin and Benjamin F. Hobbs, EY Apr. 90 p51-70.

Historical Trends in Energy Risk Comparisons, Chris Whipple, EY Dec. 90 p163-177.

Hydraulic Kinetic Energy Conversion (HKEC) Systems, Jaro J. Vocadlo, Brian Richards and Michael King, EY Apr. 90 p17-38.

Energy conversion

Hydraulic Kinetic Energy Conversion (HKEC) Systems, Jaro J. Vocadlo, Brian Richards and Michael King, EY Apr. 90 p17-38.

Energy development

Economic Analysis of Energy Projects With Uncertainty, Judson Woods and John S. Gulliver, EY Apr. 90 p1-16.

Historical Trends in Energy Risk Comparisons, Chris Whipple, EY Dec. 90 p163-177.

Energy recovery systems

Economic Value of Municipal Solid Waste, Edwin A. Korzun, EY Apr. 90 p39-50.

Site Design for Resource Recovery Facilities, Jayant Vir, Manu Patel and Bruno Cividini, EY Dec. 88 p93-98.

Energy sources

Hydraulic Kinetic Energy Conversion (HKEC) Systems, Jaro J. Vocadlo, Brian Richards and Michael King, EY Apr. 90 p17-38.

Environmental factors

Properties and Use of Fly Ashes for Embankments, Joseph P. Martin, Robert A. Collins, John S. Browning and Francis J. Biehl, EY Aug. 90 p71-86.

Environmental issues

Economic Analysis of Oil and Gas Brine Regulations, James S. Heslin and Benjamin F. Hobbs, EY Apr. 90 p51-70.

Limits of Environmental Risk Assessment, John P. Dwyer, EY Dec. 90 p231-246.

Fly ash

Properties and Use of Fly Ashes for Embankments, Joseph P. Martin, Robert A. Collins, John S. Browning and Francis J. Biehl, EY Aug. 90 p71-86.

Health hazards

Health-Risk Assessment in Production of Electricity, Louis A. Cox, Jr. and Paolo F. Ricci, EY Dec. 90 p130-147.

Mortality, Air Pollution, and Energy Production: Uncertainty and Causality, Paolo Ricci, EY Dec. 90 p148-162.

Highways

Properties and Use of Fly Ashes for Embankments, Joseph P. Martin, Robert A. Collins, John S. Browning and Francis J. Biehl, EY Aug. 90 p71-86.

History

Historical Trends in Energy Risk Comparisons, Chris Whipple, EY Dec. 90 p163-177.

Hydroelectric power

Economic Analysis of Energy Projects With Uncertainty, Judson Woods and John S. Gulliver, EY Apr. 90 p1-16.

Hydroelectric power generation

Hydraulic Kinetic Energy Conversion (HKEC) Systems, Jaro J. Vocadlo, Brian Richards and Michael King, EY Apr. 90 p17-38.

Incineration

Economic Feasibility of Drying Municipal Solid-Waste Combustion Residue, Mark Blaisdell, Daesoo Lee and Brian Baetz, EY Aug. 90 p87-97.

Input-output analysis

Economic Analysis of Oil and Gas Brine Regulations, James S. Heslin and Benjamin F. Hobbs, EY Apr. 90 p51-70.

Kinetics

Hydraulic Kinetic Energy Conversion (HKEC) Systems, Jaro J. Vocadlo, Brian Richards and Michael King, EY Apr. 90 p17-38.

Laboratory tests

Properties and Use of Fly Ashes for Embankments, Joseph P. Martin, Robert A. Collins, John S. Browning and Francis J. Biehl, EY Aug. 90 p71-86.

Laws

Limits of Environmental Risk Assessment, John P. Dwyer, EY Dec. 90 p231-246.

Mechanical properties

Properties and Use of Fly Ashes for Embankments, Joseph P. Martin, Robert A. Collins, John S. Browning and Francis J. Biehl, EY Aug. 90 p71-86.

Models

Assessing Cancer Risks: From Statistical to Biological Models, Louis Anthony Cox, Jr., EY Dec. 90 p189-210.

Cancer Models for B[*a*]P, Benzene, Benzidine, and Chromium, Troyce D. Jones and Phillip J. Walsh, EY Dec. 90 p211-230.

Economic Analysis of Oil and Gas Brine Regulations, James S. Heslin and Benjamin F. Hobbs, EY Apr. 90 p51-70.

Moisture content

Economic Feasibility of Drying Municipal Solid-Waste Combustion Residue, Mark Blaisdell, Daesoo Lee and Brian Baetz, EY Aug. 90 p87-97.

Municipal wastes

Economic Value of Municipal Solid Waste, Edwin A. Korzun, EY Apr. 90 p39-50.

Natural gas

Economic Analysis of Oil and Gas Brine Regulations, James S. Heslin and Benjamin F. Hobbs, EY Apr. 90 p51-70.

Negotiations

Public Participation in Energy Facility Siting II: Future Directions, E. Earl Whitlatch, EY Aug. 90 p111-122.

Nuclear power plant location

Public Participation in Energy Facility Siting II: Future Directions, E. Earl Whitlatch, EY Aug. 90 p111-122.

Public Participation in Energy Facility Siting I: Case Study Results, E. Earl Whitlatch, John A. Aldrich and Martin N. Cristo, EY Aug. 90 p98-110.

Oils

Economic Analysis of Oil and Gas Brine Regulations, James S. Heslin and Benjamin F. Hobbs, EY Apr. 90 p51-70.

Power output

Mortality, Air Pollution, and Energy Production: Uncertainty and Causality, Paolo Ricci, EY Dec. 90 p148-162.

Projects

Economic Analysis of Energy Projects With Uncertainty, Judson Woods and John S. Gulliver, EY Apr. 90 p1-16.

Public participation

Public Participation in Energy Facility Siting II: Future Directions, E. Earl Whitlatch, EY Aug. 90 p111-122.

Public Participation in Energy Facility Siting I: Case Study Results, E. Earl Whitlatch, John A. Aldrich and Martin N. Cristo, EY Aug. 90 p98-110.

Public policy

Limits of Environmental Risk Assessment, John P. Dwyer, EY Dec. 90 p231-246.

Refuse derived fuel

Site Design for Resource Recovery Facilities, Jayant Vir, Manu Patel and Bruno Cividini, EY Dec. 88 p93-98.

Regulations

Economic Analysis of Oil and Gas Brine Regulations, James S. Heslin and Benjamin F. Hobbs, EY Apr. 90 p51-70.

Limits of Environmental Risk Assessment, John P. Dwyer, EY Dec. 90 p231-246.

Public Participation in Energy Facility Siting I: Case Study Results, E. Earl Whitlatch, John A. Aldrich and Martin N. Cristo, EY Aug. 90 p98-110.

Research needs

Hydraulic Kinetic Energy Conversion (HKEC) Systems, Jaro J. Vocadlo, Brian Richards and Michael King, EY Apr. 90 p17-38.

Resource recovery

Economic Value of Municipal Solid Waste, Edwin A. Korzun, EY Apr. 90 p39-50.

Site Design for Resource Recovery Facilities, Jayant Vir, Manu Patel and Bruno Cividini, EY Dec. 88 p93-98.

Risk

Cancer Models for B[*a*]P, Benzene, Benzidine, and Chromium, Troyce D. Jones and Phillip J. Walsh, EY Dec. 90 p211-230.

Risk Transition and Global Warming, Kirk R. Smith, EY Dec. 90 p178-188.

Risk analysis

Assessing Cancer Risks: From Statistical to Biological Models, Louis Anthony Cox, Jr., EY Dec. 90 p189-210.

Health-Risk Assessment in Production of Electricity, Louis A. Cox, Jr. and Paolo F. Ricci, EY Dec. 90 p130-147.

Historical Trends in Energy Risk Comparisons, Chris Whipple, EY Dec. 90 p163-177.

Limits of Environmental Risk Assessment, John P. Dwyer, EY Dec. 90 p231-246.

Risk Transition and Global Warming, Kirk R. Smith, EY Dec. 90 p178-188.

Risks

Historical Trends in Energy Risk Comparisons, Chris Whipple, EY Dec. 90 p163-177.

Mortality, Air Pollution, and Energy Production: Uncertainty and Causality, Paolo Ricci, EY Dec. 90 p148-162.

Site selection

Public Participation in Energy Facility Siting II: Future Directions, E. Earl Whitlatch, EY Aug. 90 p111-122.

Public Participation in Energy Facility Siting I: Case Study Results, E. Earl Whitlatch, John A. Aldrich and Martin N. Cristo, EY Aug. 90 p98-110.

Site Design for Resource Recovery Facilities, Jayant Vir, Manu Patel and Bruno Cividini, EY Dec. 88 p93-98.

Solid waste management

Economic Value of Municipal Solid Waste, Edwin A. Korzun, EY Apr. 90 p39-50.

Technology

Health-Risk Assessment in Production of Electricity, Louis A. Cox, Jr. and Paolo F. Ricci, EY Dec. 90 p130-147.

Historical Trends in Energy Risk Comparisons, Chris Whipple, EY Dec. 90 p163-177.

Toxicity

Cancer Models for B[*a*]P, Benzene, Benzidine, and Chromium, Troyce D. Jones and Phillip J. Walsh, EY Dec. 90 p211-230.

Trends

Public Participation in Energy Facility Siting II: Future Directions, E. Earl Whitlatch, EY Aug. 90 p111-122.

Turbines

Hydraulic Kinetic Energy Conversion (HKEC) Systems, Jaro J. Vocadlo, Brian Richards and Michael King, EY Apr. 90 p17-38.

Uncertainty analysis

Economic Analysis of Energy Projects With Uncertainty, Judson Woods and John S. Gulliver, EY Apr. 90 p1-16.

Mortality, Air Pollution, and Energy Production: Uncertainty and Causality, Paolo Ricci, EY Dec. 90 p148-162.

Utilities

Public Participation in Energy Facility Siting II: Future Directions, E. Earl Whitlatch, EY Aug. 90 p111-122.

Public Participation in Energy Facility Siting I: Case Study Results, E. Earl Whitlatch, John A. Aldrich and Martin N. Cristo, EY Aug. 90 p98-110.

Waste management

Economic Feasibility of Drying Municipal Solid-Waste Combustion Residue, Mark Blaisdell, Daesoo Lee and Brian Baetz, EY Aug. 90 p87-97.

Waste processing facilities

Site Design for Resource Recovery Facilities, Jayant Vir, Manu Patel and Bruno Cividini, EY Dec. 88 p93-98.

Waste utilization

Economic Value of Municipal Solid Waste, Edwin A. Korzun, EY Apr. 90 p39-50.

Wells

Economic Analysis of Oil and Gas Brine Regulations, James S. Heslin and Benjamin F. Hobbs, EY Apr. 90 p51-70.
